## LOVETT PLACED IN CONTROL

TEXAN WILL AT LEAST HAVE TEMPORARY CHARGE OF HARRIMAN'S VAST LINES.

NEW YORK, Sept. 11.—The question, "Who will take Harriman's place at the head of the Southern and Union Pacific railroads?" seems to have been decided by Harriman himself during his life in anticipation of the event which happened yesterday.

The financial control of the properties will remain in the hands of the National City Bank and Kahn, Loeb & Co., while the system will for the present, at least, continue under the direct leadership of Judge R. S. Lovett, the vice president and general counsel of the Harriman roads.

The executive committee will meet on next Tuesday and it is believed Judge Lovett will then be placed in control by the time being at hand. Judge Lovett's name is mentioned by many in connection with the presidency, but no authoritative statement could be obtained on this point today.

President Love of the Delaware and Hudson, a man in whom the Harriman interests place great confidence, is also spoken of as one who may be elevated to the presidency. The annual meeting of the stockholders of the road is only a month off and the selection of Mr. Harriman's successor may be put off until that time.

The executive offices of the Union Pacific were closed today and will remain closed until after the funeral. It was said by members of the firm of Kahn, Loeb & Co. that no statement could be made at this time other than that things would go on as at present for awhile.

Father Kidnaps Own Child. BELL, Okla., Sept. 11.—Walter Scott, the traveling man with headquarters here, kidnapped his seven-year-old son, Walter, from the residence of Mrs. Lupton on East Broadway, where he had been left by his mother while the latter visited her parents in Kansas City. The father used the privilege of taking the boy down town last Saturday and nothing has been seen of either since. A letter was received at the Lupton home yesterday from the father stating that the boy would not be returned and that it would be impossible to find him. This letter was written on a train and posted at Tulsa.

Chief of Police Thresher has gone to Kansas City, where he is assisting the mother in an effort to locate the child.
